Environmental Consulting | Employee Owned | Small Business Administration

water & air RESEARCH, INC.

UEI: MLKPUWCN37Q5 CAGE: 9U915

About Us

Water & Air Research, Inc. is a multidisciplinary environmental engineering and consulting firm comprised of engineers, geologists, biologists, environmental scientists, and planners. We provide services to private and public clients throughout Florida and the United States. Our GSA contract allows us to provide services to the federal government as a small business.

Core Competencies

- Aquatic Ecology, Habitat Mapping, and Restoration
- Water Resources and Hydrologic Monitoring
- Wetlands, Ecology, and Environmental Permitting
- Site Assessment and Remediation

KEY DIFFERENTIATORS

Established Experience
More than 55 years of environmental consulting experience serving public and private clients.

Employee Ownership
Employee-owned structure promoting accountability, continuity, and long-term client relationships.

Multidisciplinary Expertise
Integrated teams of scientists, engineers, geologists, biologists, and technical specialists.

Specialized Regional Expertise
In-depth knowledge of ecosystems and regulations in Florida, Puerto Rico, and the southeastern U.S.

Aquatic Ecology, Habitat Mapping, and Restoration

- Submerged Aquatic Vegetation, Seagrass, Algae and Benthic Habitat Mapping
  USACE, FWS, SWFWMD, SRWMD, NPS
- Marine, Estuarine and Freshwater Habitat Assessments *USACE,FWS, SWFWMD, FDEP*
- Benthic Macroinvertebrate Assessments
  FWS,USGS, SWFWMD, FLARNG, USAR, SRWMD
- Habitat Restoration, Artificial Reefs, and NRDA Support *NOAA, NPS*

Water Resources and Hydrologic Monitoring

- Surface Water, Groundwater, and Sediment Monitoring
  USACE, NOAA, SJRWMD, SRWMD
- Hydrologic, Hydrogeologic and Wellfield Assessments
  USACE, SWFWMD
- Springs, Rivers, and Watershed Monitoring
  SJRWMD, SRWMD, SWFWMD
- Water Quality Data Analysis, Trend Evaluation, and Reporting
  SRWMD, SWFWMD, USACE

Wetlands, Ecology, and Environmental Permitting

- Wetland Delineation, Functional Assessments, and Mitigation
  SRWMD, SWFWMD, USACE
- Wildlife, Protected Species, and Habitat Assessments
  USACE, FLARNG
- Wetland and Upland Restoration and Monitoring
  USACE
- Environmental Permitting, Regulatory Compliance, and NEPA Support
  USACE

Site Assessment and Remediation

- Soil and Groundwater Investigations, Petroleum, Hazardous Materials, Brownfields, and Superfund Sites
  EPA, FDEP
- Remedial Action Planning, Implementation, System Operation, and Source Removals
  EPA, FDEP
- Storage Tank Closures, SPCC Plans, and Landfill Compliance Monitoring
  U.S. Department of Veterans Affairs, FDEP
- Phase I/II Environmental Site Assessments
  USACE, USFS, The Conservation Fund
